MINIMUM QUALIFICATIONS

At the Assistant Professor level, a Masters Degree in Nursing and a doctorate or a doctoral degree in progress is required. At the Associate Professor level, a Masters Degree in Nursing and a doctorate are required. Additionally, at either level, board certification as a Nurse Practitioner and licensed or eligible for licensure as a registered nurse in the state of Texas are mandatory.

Department Marketing Statement

Founded in 1890, the School of Nursing was the first nursing program in the Southwest and one of the first schools in the U.S. to be affiliated with a university in 1896. The University of Texas Medical Branch School of Nursing at Galveston invites applications and nominations for full time faculty. As a component of the University of Texas Medical Branch (UTMB), the school of nursing offers academic programs at the baccalaureate (traditional, accelerated, and RN-BSN), Masters (Family, Adult/Geriatric, Neonatal Nurse Practitioner, Leadership, Nurse Educator) and Doctoral Programs (DNP and PhD in collaboration with the Graduate School). The incumbent in the position is responsible for providing leadership contributing to the advancement of nursing scholarship within the School of Nursing, UTMB community and regionally. The school of nursing is proud of its excellent academic programs, strong clinical environment, modern classrooms, as well as, its innovative use of distance education and simulation laboratories. The UTMB community values diversity among faculty, students, and staff at all levels within its academic programs.

UTMB provides a rich interdisciplinary environment conducive to teaching, practice, and research across the Schools of Nursing, Medicine, Health Professions Sciences, and Graduate School of Biomedical Sciences. The School of Nursing has a state of the art laboratory for bio-behavioral research, an interprofessional nursing simulation center, and other faculty resources. The UTMB campus is home to the University Hospitals and Clinics including the John Sealy Hospital, Texas Department of Criminal Justice Hospital, and the Biosafety Level 4 (BSL4) Lab and the Galveston National Lab.

SALARY RANGE

Commensurate with experience
